

2013.03.02-1 小富士梅林(福岡県糸島市志摩小富士)の梅

A wide-angle landscape photograph taken from an elevated position. The foreground is dominated by dense, dark green trees and shrubs, some with bare branches, suggesting a late autumn or winter setting. In the middle ground, a long, low dam or dike stretches across the frame, separating a body of water from a large, flat, green agricultural field. To the right of the dam, a small town or village is visible, nestled at the foot of a hill. The background features a range of blue, hazy mountains under a sky filled with soft, white clouds. The overall atmosphere is calm and scenic.
