福岡市西区・今津干潟の

クロハラアジサシ、ダイサギ、アマサギ

クロハラアジサシ(黒腹鰲刺) カモメ科

A photograph showing four Black-bellied Terns perched on a thin wire. The birds are arranged vertically, with one at the top and three below it. They have white bodies, dark wings, and a distinctive black cap. The background is a bright, overcast sky. To the left, there is a large, dark metal structure, possibly part of a power line tower. To the right, there is a thick, dark wire with a series of loops or coils.

ダイサギ(大鷺)  
サギ科 L=90cm

ダイサギ(大鷺)  
サギ科 L=90cm

A photograph of four white egrets standing in a field of tall green grass. The birds have long, slender necks and long, straight orange beaks. They are positioned at various heights and angles, with one in the foreground center, one to its right, one to its left, and one in the background. The grass is vibrant green and appears to be blowing slightly. The background is slightly out of focus, showing more of the grassy field.

アマサギ(猩々鷺)  
サギ科 L=50cm
